## NEWS BRIEFS

- **'TORNADO TO PULL "I ♥ S&C"'**

We are delighted to announce its participation in the celebrations to mark the re-opening of the Settle & Carlisle Railway (S&C) after its rebuilding following a huge landslip in February 2016. The S&C, completed in 1875, is regarded as one of the most scenic railway routes in the UK and runs for 73 miles through the Yorkshire Dales and Northern Pennines and includes the spectacular 24 arch Ribbleshead Viaduct.

*Tornado* will haul the scheduled Northern trains over the S&C between Skipton and Appleby on three consecutive days from Tuesday 14<sup>th</sup> February to Thursday 16<sup>th</sup> February 2017. These will be the first timetabled ordinary main line passenger steam hauled trains to run in England for 50 years and are the result of a pioneering modern and heritage railway industry alliance, formed to help revive the economic fortunes of the line as well as the towns and villages that it serves.

- **‘THE BELMOND BRITISH PULLMAN’ ON SATURDAY 17<sup>TH</sup> DECEMBER** - *Tornado* wrapped up her 2016 season with a final Surrey Hills circuit hauling the Belmond Pullmans, concluding a most successful year of operations.

*Tornado emerges from the gloom at Chertsey on 17<sup>th</sup> December - Maria Hutton*

- **‘THE RED ROSE’ ON SATURDAY 11<sup>TH</sup> FEBRUARY** - With St Valentine’s Day on the horizon, how about taking a main line steam trip to the beautiful city of Shrewsbury, hauled *Tornado*? A Victoria start gives easy travel options from many points on all sides of London. The route is via the West London Line, linking up with the West Coast Main Line at Willesden, followed by a fast run via Rugby and Coventry. Passing Birmingham and Wolverhampton the train arrives at Cosford, Telford Central and Shrewsbury.

Cosford station is alongside the RAF Museum, where admission is free of charge. With over seventy aircraft on display, each special in its own way, there is a lot to see. Passengers will have over four hours available. There are model displays, interactive features and refreshment facilities. Please note that a walk of a few hundred yards is involved and the station platforms are accessible only by flights of steps.

The next stop is Telford Central where coaches will be waiting for the transfer to Blists Hill Museum at Ironbridge. Experience life as it was over a hundred years ago through the sights, sounds, smells and tastes of a recreated Victorian Town. Don’t worry if the weather isn’t too great - there is plenty to see inside the faithfully restored houses, shops and the wonderful old-fashioned pub. There’s a café available too. Passengers will have nearly three hours at Blists Hill.

The final destination, Shrewsbury, is a real gem of a town, always worth visiting at any time of year. The statue of its greatest citizen, Charles Darwin, stands in Castle Gates, just a few minutes' walk from the station. The place is a shopper's paradise, and the old streets lead out to the old Town Walls and down to the banks of the River Severn. Passengers have some three hours at leisure here.

The return route from Shrewsbury, Telford and Cosford is via Wolverhampton, Walsall and Water Orton, rejoining the West Coast Main Line at Nuneaton for the journey south.

## GET (A TENDER) BEHIND *TORNADO*

Join 'The 163 Pacifics Club' and make *Tornado* debt free. The first debts to be repaid by the Trust were the bridging and personal loans that financed the final dash to completion. In July 2013 we were able to announce the early repayment of the £500,000 Bearer Bond at the end of the 2013. The final step to make *Tornado* debt-free is to purchase 60163's tender, which is currently on a 15 year lease from William Cook Cast Products Ltd. 'The 163 Pacifics Club' is nearly there with 128 of the 163 having already found new 'shed allocations' - don't miss out!

Some Pacifics still available:

60032 Gannet  
 60042 Singapore  
 60069 Sceptre  
 60079 Bayardo  
 60083 Sir Hugo  
 60095 Flamingo  
 60120 Kittiwake

**How you can help:**

We need to raise £200,000 by 2021 to purchase *Tornado's* tender. Following the success of our Regular and Dedicated Donation schemes for the construction of *Tornado*, the Trust have decided on a similar method for the purchase of the tender. However, instead of "an A1 for the price of a pint" and "use your loaf", we've decided to raise the funds in a different way,

"The 163 Pacifics Club". Although *Tornado* carries the number '60163', her pre-nationalisation LNER number would have been '163'. If 163 people were to donate £10pm over the eight years until we need to purchase the tender (or alternatively make a one-off donation of £960) with the addition of Gift Aid (£2.50pm or £240 one-off) this would raise £195,600.

As with the previous schemes, this initiative comes with benefits for those who generously take part:

- A numbered certificate (1-163) recording the details of the donation and the number/name of your favourite express passenger pacific from the Gresley A3s/A4s, Thompson A1/1s and Peppercorn A1s.
- Name inscribed on the official Roll of Honour in Darlington Locomotive Works which will detail the pacific sponsored.
- Entry into a draw for a main line footplate-ride on *Tornado*.

It really is that simple! With your help *Tornado* could be debt free with her paid-for tender behind by 2021 so please complete the [donation form](#) today. Thank you.
