The Tornado Telegraph

NEWS BRIEFS

- **TORNADO RETURNS TO OPERATION** - We are pleased to report that *Tornado* is once again operational and has commenced running in at the Nene Valley Railway. It has taken longer than we had anticipated but we are extremely grateful for all those who have helped us in the recent weeks and months. We are especially grateful to the Nene Valley Railway for their help and are looking forward to working trains for them over the next week.

Tornado will be undertaking mileage accumulation at various times over the coming ten days but will also be working a number of footplate experience courses on 17th, 18th and 20th September. The locomotive will then be hauling service trains at the Nene Valley Railway on 22nd and 23rd September as part of their 'Tornado at Ten' event. Please do come along to see the locomotive and ride behind her on those days.

A test run on the national network is scheduled for 25th September, an operation that will run overnight. It is then anticipated that *Tornado* will pick up her diary from Saturday 29th September hauling 'The Ynys Môn Express' from Leicester to Holyhead.

We thank everyone for their support and patience as we returned *Tornado* to operation and apologise for any disruption to anyone's plan whilst the locomotive has been out of traffic.

It costs a lot to keep *Tornado* out on the main line for you to see and enjoy. We need your help to ensure she stays where she belongs.

TOURS

• NEW TOUR PROGRAMME - 'THE NORTH BRITON' AND 'THE ABERDONIAN'

Join us on 'The North Briton', a brand new series of trains hauled by *Tornado* across the magnificent Settle and Carlisle Railway. Eminent railway engineers of the age proclaimed that it would be impossible to build a main line railway through this hostile terrain. Building the Settle & Carlisle almost broke the Midland Railway but determination was rewarded with a magnificent double-track main line railway sweeping through the hills. More information click [here](#).

Let the 'The Aberdonian', a new steam operation for 2019, whisk you away as we take in some of the best that Scotland has to offer, both on train and off. Crossing the Forth Bridge and the Tay Bridge, the train runs along the coast for much of its route making it an unrivaled way to experience Scotland. In Aberdeen there is a chance to explore this historic city, or take one of our off train excursions that include a castle or distillery visit. You can find out more [here](#).
